

Staatl. gepr. Metallbau-Techniker Görgis Tuncay  
CAD Engineer

## To expand our team we are looking for **CAD Engineer Facade Planning (m/f/x)**

Locations: Berlin, Frankfurt, Hamburg, Stuttgart, Vienna

### Our offer

- The chance to play an active part in planning a sustainably designed environment
- Challenging assignments in an office with a team-based, interdisciplinary structure
- A permanent contract with long-term future prospects
- Opportunities for personal development and advancement within a global network
- Climate-friendly transport incentives (e.g. company bicycles and travel tickets)
- An office in an attractive location with excellent public transport links
- Contribution to the pension plan, sporting activities and several annual team events

### Your responsibilities

- Development of sophisticated and customised project solutions in the facade area
- Creation of CAD drawings
- Consideration of architectural and functional requirements as well as technical and physical constraints

### Your profile

- You'll have successfully completed your training (e.g. technical system planner for steel and metal construction technology) or successfully completed studies (metal construction, civil engineering or architecture)
- You'll have first professional experience
- You'll have a good knowledge of AutoCAD, ideally also Athena
- You have a very good command of German and English
- You have good communication skills and the ability to work in a team

Werner Sobek is internationally synonymous with engineering, design, and sustainability. Our company is home to more than 400 employees and is represented on several continents. Our work is renowned for exceptional design based on outstanding engineering and integral concepts that minimise the consumption of energy and materials.

We look forward to receiving your application along with an indication of your salary expectations and your preferred starting date. If you have any questions, please do not hesitate to get in touch.
