

Franziska Mahler, M.Sc.  
Project Manager

## To expand our team we are looking for **CAD Engineer Structural Engineering (m/f/x)**

Location: Germany (Berlin)

### Our offer

- The chance to play an active part in planning a sustainably designed environment
- Challenging assignments in an office with a team-based, interdisciplinary structure
- A permanent contract with long-term future prospects
- Opportunities for personal development and advancement within a global network
- Climate-friendly transport incentives (e.g. company bicycles and travel tickets)
- An office in an attractive location with excellent public transport links
- Contribution to the pension plan and several annual team events

### Your responsibilities

- Processing of challenging international projects in structural engineering and bridge construction
- Creating 3D models, drawings, formwork and reinforcement plans as well as structural drawings in steel and timber construction including parts lists and mass extracts
- Managing plans and project documentation

### Your profile

- You'll have successfully completed your education as a civil engineer (majoring in structural engineering)
- You're a team player who may or may not have professional experience
- You have strong powers of spatial visualization
- You're ideally familiar with AutoCAD and Nemetschek Allplan
- BIM knowledge (Revit) is an advantage
- You have a very good command of German and English
- You're ready to take on responsibility and play an active role

Werner Sobek is internationally synonymous with engineering, design, and sustainability. Our company is home to more than 400 employees and is represented on several continents. Our work is renowned for exceptional design based on outstanding engineering and integral concepts that minimise the consumption of energy and materials.

We look forward to receiving your application along with an indication of your salary expectations and your preferred starting date. If you have any questions, please do not hesitate to get in touch.
