

M.Sc. Architektin Jessica Schaarmann
Projektingenieurin / Facade Engineer

To expand our team we are looking for **Facade Engineers (m/f/x)**

Location: Hamburg

What we offer

- The chance to play an active part in planning a sustainably designed environment
- Challenging assignments in an office with a team-based, interdisciplinary structure
- A permanent contract with long-term future prospects
- Opportunities for personal development and advancement within a global network
- Climate-friendly transport incentives (e.g. company bicycles)
- An office in an attractive location with excellent public transport links
- Contribution to the pension plan, sporting activities and several annual team events

Your responsibilities

- Facade-technical realization of architectural and use-dependent specifications under consideration of engineering and building-physical boundary conditions
- Cooperating with internationally renowned architectural firms
- Project supervision from design to implementation planning

Your profile

- You'll have successfully completed your education (metal construction, civil engineering or architecture)
- You're a team player with professional experience in facade construction and planning
- You have knowledge in AutoCAD and ideally in WinSLT, Rhino as well as in a tendering software
- You have a conscientious and careful way of working
- You have a very good command of German and English
- You're ready to take on responsibility and play an active role

Werner Sobek is internationally synonymous with engineering, design, and sustainability. Our company is home to more than 400 employees and is represented on several continents. Our work is renowned for exceptional design based on outstanding engineering and integral concepts that minimise the consumption of energy and materials.

We look forward to receiving your application along with an indication of your salary expectations and your preferred starting date. If you have any questions, please do not hesitate to get in touch.
