

M.Sc. Pascal Horter  
Director Controlling

## To expand our team we are looking for a **Senior Controller (m/f/x)**

Location: Stuttgart

### Our offer

- The chance to play an active part in planning a sustainably designed environment
- Challenging assignments in an office with a team-based, interdisciplinary structure
- A permanent contract with long-term future prospects
- Opportunities for personal development and advancement within a global network
- Climate-friendly transport incentives (e.g. company bicycles and travel tickets)
- An office in an attractive location with excellent public transport links
- Contribution to the pension plan, sporting activities and several annual team events

### Your responsibilities

- Responsibility for project controlling of individual companies and teams
- Preparation of the monthly management reporting including the profit planning
- Preparation and follow-up of liquidity reports and forecasts
- Carrying out analyses for top management and further developing of the Group-wide reporting system
- Responsibility for the investment controlling for individual subsidiaries in Germany and abroad
- Further development of existing controlling instruments and involvement in special projects, such as the introduction of a BI tool
- Support in the preparation of annual financial statements in accordance with HGB

### Your profile

- You'll have successfully completed your education (focus controlling and accounting)
- You'll have several years of professional experience in controlling, industry experience is an advantage
- You have excellent Excel skills as well as knowledge of ERP software, preferably MS Microsoft Dynamics (Navision) or of BI tools (e.g. Power-BI)
- You have a very good command of German and English
- You are a teamplayer and have very good communication skills
- You have a high level of initiative and an independent working style

Werner Sobek is internationally synonymous with engineering, design, and sustainability. Our company is home to more than 400 employees and is represented on several continents. Our work is renowned for exceptional design based on outstanding engineering and integral concepts that minimise emissions and the consumption of energy and materials.

We look forward to receiving your application along with an indication of your salary expectations and your preferred starting date. If you have any questions, please do not hesitate to get in touch.
