

Dipl.-Ing. Torsten Noack  
Managing Director

## To expand our team we are looking for **(Senior) Project Manager Structural Engineering/Inspection (m/f/x)**

Location: Germany (Berlin)

### Our offer

- Challenging assignments in an office with a team-based structure
- Well-founded onboarding/introduction
- A permanent contract with long-term future prospects
- Flexible working hours and performance-related pay
- Individual development and promotion opportunities
- Climate-friendly transport incentives
- An office in an attractive location with excellent public transport links

### Your responsibilities

- Independent management of projects and technical support for staff
- Preparation of static calculations for small to large construction projects
- Inspection of structural documentation, including conducting construction supervision as part of the technical review process
- Close collaboration with other technical disciplines both within and outside our company
- Communication with architectural firms, clients, and contractors
- Participation in or organization of project meetings and site visits

### Your profile

- You have successfully completed your studies in structural engineering
- You have several years of professional experience in a comparable environment, as well as solid experience in project management
- You're experienced in managing engineers, clients, project stakeholders, and authorities
- You have strong communication skills and you're a team player
- You have excellent spatial visualization skills and a good knowledge of common software applications (e.g., Finite Element and CAD programs)
- You have a very good command of German and English
- You are willing to take on responsibility

We are an experienced team of inspection engineers and structural engineers. Since 2020, our office has been part of the Werner Sobek Group. Our range of services includes structural engineering, verification of structural stability, expert assessments, and technical consulting for clients.

We look forward to receiving your application along with an indication of your salary expectations and your preferred starting date. If you have any questions, please do not hesitate to get in touch.
